

# CALL FOR APPLICATIONS

Arbeitsgemeinschaft Deninger-Faltings: Minimal Surfaces

Organisers: William H. Meeks (Amherst), Matthias Weber (Bloomington)

Date: October 4<sup>th</sup> - 9<sup>th</sup>, 2009

Place: Mathematisches Forschungsinstitut Oberwolfach

The programme including more information for application is available under

<http://www.mfo.de/programme/schedule/2009/41/programme0941.pdf>

Deadline for application: August 15th, 2009

The „Arbeitsgemeinschaft Deninger-Faltings“ is a series of conferences in Oberwolfach which takes place in the Spring and the Fall of each year.

Each time the topic of the next Arbeitsgemeinschaft is chosen by democratic vote.

The Arbeitsgemeinschaft is mainly addressed to non-specialists who want to broaden their outlook on mathematics and to young mathematicians who wish to enter a field for future research. Experts may come as well.

The idea of the Arbeitsgemeinschaft is „learning by doing“.

Everyone who wants to take part has to volunteer for one of the lectures described in the programme of the conference.

After receiving the applications, the organizers choose the actual speakers well ahead of the conference to give them time to understand the subject and prepare their lectures.

The stay at Oberwolfach is free. Programs of past meetings can be found on the homepage of Oberwolfach:
