Deadline for applications: **15 August 2014** to locally.compact@epfl.ch

The „Arbeitsgemeinschaft Deninger-Faltings“ is a series of meetings in Oberwolfach taking place each year in spring and fall. The topic of the next Arbeitsgemeinschaft is chosen by democratic vote.

The Arbeitsgemeinschaft mainly addresses to non-specialists who want to broaden their outlook on mathematics and to young mathematicians who wish to enter a field for future research. Experts are also welcome. The idea of the Arbeitsgemeinschaft is „learning by doing“.

Applicants also have to volunteer for one of the lectures described in the program of the conference.

After the deadline for application the organizers choose the actual speakers to give them enough time to understand the subject and to prepare for their lectures.

The stay at Oberwolfach is free.

Programs of past meetings can be found on the homepage of Oberwolfach:
