

Mathematisches Forschungsinstitut Oberwolfach

Scientific Programme 2014

Participants of the workshops at Oberwolfach are invited personally by the Director of the Institute. The participation is subject to such an invitation. Interested researchers, in particular young mathematicians, can contact the administration of the Institute. Since the number of participants is restricted, not all inquiries can be considered. More information is available on our website: <http://www.mfo.de> or <http://www.oberwolfach.org>
